PRACTICE

An independent governance and fiduciary-risk practice, retained when the record is scattered, the accountability is unclear, and the downside is material. Three mandates, one standard:

- 01 Transaction Certainty structure, sequence, and authority verified before capital moves.
- 02 Governance Architecture decision rights, consents, and records engineered for later review.
- 03 Risk & Recovery control and disposition of distressed positions under court or contract authority.

Mandates are accepted through American Eagle Equity Assets LLC, a Texas advisory firm. AEEA is not a law firm, is not a public accounting firm, and is not a registered investment adviser.

WRITING

Underwritten a working newsletter on governance, fiduciary risk, and the integrity of the evidentiary record.
